UC:

Not sure if these got through to you earlier. Alexia forwarded these photos of fish in the lab being tested for oil for your approval for use by Susan Klasing from OEHHHA for a technical presentation.

Thanks,

Dan

I requested UC approval for Susan to use her pictures of sampling fish in the lab from Refugio and heard nothing back.

She needs this quickly. She's doing a technical presentation on testing for oil chemicals.

Hi Alexia,

I'm working on a public presentation regarding the Refugio Fisheries Closure process. In addition to the photos the UC already approved, I'd like to use the attached lab photos as well. Would you be able to get those approved, please?

Thanks,

Susan
